Information about Louisa

I have been teaching history for 21 years and tutoring for six years including full time tutoring since September 2021.

I have taught GCSE and A level History since my first year of teaching and I have an excellent track record of exam results. I am very proud that several of my A level students every year chose to study history at university. I currently tutor A level and GCSE students online and I enjoy planning interesting and engaging lessons to support my students. I also tutor key stage three students including a year seven class in China. As well as helping students prepare for exams, I believe that every lesson should be fun and engaging.

I have also been an examiner for 15 years which has provided me with an excellent insight into exactly what the exam board is looking for and enables me to focus revision and tutoring on exam skills as well as subject knowledge.

Louisa is an excellent tutor. In the short time Louisa has tutored my daughter she has a better understanding of how to approach the subject and she is feeling more confident in her history lessons at school.

My daughter is really enjoying the lessons. Louisa is giving her a lot more confidence. The lessons are also sent via email after for revision which is great. I highly recommend Louisa.

Louisa has demonstrated herself to be a brilliant and very organised tutor. Her lessons are very interactive with different learning techniques each session such as quizzes, presentations, reading etc. Therefore, Louisa's efficient way of teaching is always guaranteed to make the lesson fun whilst ensuring you learn the content in order to achieve the best possible grade. Louisa is a warm and friendly person, creating a relaxed environment which is helpful for developing more educational knowledge. If you want an amazing history teacher that is going to help you reach your full potential whilst enjoying your lessons, I could not recommend Louisa enough.
